

# AIRE PLUS FX 75" FULL SUN OUTDOOR TV

PVO75FSW

The **ProofVision Aire Plus FX** is built for full-sun outdoor entertainment. With an IP55 rating, it's resistant to dust, rain, and splashes—perfect for any outdoor setting.

Featuring 4K UHD resolution, 2,500 nits brightness, and webOS smart TV functionality, this model delivers exceptional clarity and convenience in a durable design.

Designed to elevate any outdoor hospitality space, the Aire Plus FX offers the ideal blend of technology, durability, and premium visual performance.

Enjoy vivid colours, sharp detail, and smooth playback in any outdoor lighting condition – along with intuitive smart features and effortless integration into automation systems.

**4K UHD Resolution:** Provides four times the resolution of standard Full HD, offering sharper and more detailed images for an immersive viewing experience.

**Screen Brightness:** A high brightness level of 2500 nits ensures the TV screen remains clear and visible even in direct sunlight.

**HDR Support:** High Dynamic Range (HDR) enhances picture quality with vivid colours and improved contrast for a more realistic and dynamic viewing experience.

**Weather Resistance:** The IP55 rating certifies that the TV is protected against dust ingress and low-pressure water jets from any direction, making it ideal for withstanding outdoor elements.

**Smart TV Functionality:** Powered by webOS, this smart TV allows access to a world of entertainment, including streaming services, apps, and user-friendly smart features.

**Smarter control:** Integrating this webOS TV with home automation systems is simple via IP control protocols and readily available drivers.

**Built-in Speakers:** Integrated high-quality speakers provide clear and powerful sound, eliminating the need for external audio systems and simplifying the outdoor setup.

These features make this full-sun, IP55-rated, Smart TV a durable, reliable, and versatile entertainment solution for various outdoor settings such as patios, outdoor kitchens, poolside areas, and commercial spaces.

## Key Features

|                                                                                                                      |                                                                                                                        |
|----------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|
|  4K Ultra HD Display                 |  IP55 rated                           |

## Specification

### Display Spec

|                |                          |
|----------------|--------------------------|
| Panel size     | 75"                      |
| Aspect ratio   | 16:9                     |
| Panel type     | TFT LCD                  |
| Backlight type | Full array local dimming |
| Resolution     | 4K UHD 3840 x 2160       |
| Contrast ratio | 5000:1 (typical)         |
| Brightness     | 2500 nits (cd/m²)        |
| Viewing angle  | H:178°, V:178°           |
| Response time  | 6.5 ms                   |
| Refresh rate   | 60Hz                     |

### Operation

|                                 |                            |
|---------------------------------|----------------------------|
| Built-in tuner                  | DVB-S2, DVB-T/T2/C         |
| Channels                        | 1000 Channels (Max)        |
| OS                              | webOS                      |
| IP control                      | Supported by webOS drivers |
| Audio output (built-in speaker) | 2 x 10W 8 Ohm              |

### Inputs/Outputs

|               |         |
|---------------|---------|
| Cable/Antenna | Yes x 2 |
| HDMI          | Yes x 3 |
| CI +          | Yes x 1 |
| USB           | Yes x 2 |
| Optical out   | Yes x 1 |
| RJ45          | Yes x 1 |
| Wifi          | Yes x 1 |
| Bluetooth 5.0 | Yes x 1 |

### Environmental

|                           |                |
|---------------------------|----------------|
| Operating temperature     | -30°C to +50°C |
| Non-operating temperature | -30°C to +50°C |
| Humidity                  | 20% to 80%     |
| Waterproof rating         | IP55           |

### Power

|                           |                             |
|---------------------------|-----------------------------|
| Power supply              | 100~240V AC±10%, 50 / 60 Hz |
| Max power consumption     | 575W                        |
| Standby power consumption | < 0.5W                      |
| Current rating            | 1.6A                        |

### Physical

|                              |                       |
|------------------------------|-----------------------|
| TV dimensions (L x W x D) mm | 1722 x 1000 x 96.4 mm |
| Weight                       | 54kg                  |

### Package Contents

|                             |     |
|-----------------------------|-----|
| TV                          | x 1 |
